

# 2018 FGBMFI ZONAL TRAINING: A Note To NDs

Welcome to the 2018 Zonal Training.

God is challenging us this year to ask Him for the heathen, the gates and the nations. We shall be making demands on God for the souls of men.

You are expected to launch OPERATION 555 in your zone, promote it and monitor it for effectiveness. A handbill and Prospects List are enclosed. Print and use according to your needs.

As it has been since 2014, you, as the ND, are the chief trainer for this training, although you can enlist help from within or outside your district, as you deem necessary. The Regional and the District Capacity Building Representatives will coordinate your training with you.

## EXPECTATIONS

Our expectation is to achieve 80 % attendance of CPs at the zonal training this year. Please endeavor to effectively mobilize the CPs for your training.

## REPORTING

1. A zonal training reporting format is attached. Please fill out same at the end of training.
2. A Learning Outcome Form is also attached. Each participant is expected to fill out this form at the end of the training. Ask participants share their learning outcomes with others.

Copies of completed Zonal Training Report should be sent to the DC and Regional & District Representatives (Capacity Building). **REPORT SHOULD BE SENT WITHIN A WEEK OF THE COMPLETION OF TRAINING, PLEASE.**

## BE CREATIVE

Use existing fellowship meeting days to run additional training that meets the needs of your chapters, areas or zones.

If the chapter Presidents will not attend area training, take the training to them. There is an established correlation between training and chapter effectiveness.

## A Quick Note On Presenting

- Please read and read the materials again, to be sure you have ownership of them. Pray for insight as you do.
- Think of personal or others' stories that are relevant to your presentation.
- Plan questions or discussion you will like to introduce during presentation. Remember, you are not a preacher or a teacher. You are a facilitator of ideas resident in the group.
- Plan your presentation to end 2-5 minutes before the time allotted
- Then practice and practice till you gain mastery of the subject and the presentation – especially the scheduling of animations
- Pray all the way for guidance and for the meeting
- Please arrive early to be sure the equipment is working fine.
- Try not to back the audience or cross the line of projection.

Our prayers are with you all the way.

If you have any questions or concerns, please contact your District or Regional Representative (Capacity Building)
